***Examiner's Statement of Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: The art of record considered as a whole alone or in combination neither anticipates nor renders obvious, an angle measuring device comprising; a holder having a first flat face thereof adapted to be in contact with a portion of a measurement object, the portion being subject to an angle measurement and made of a magnetic material; a permanent magnet mounted to the holder for permitting the device to be magnetically retained on the magnetic measurement portion; and a straight member projecting from a second face of the holder, extending substantially in parallel with the first flat face and having a size sufficiently greater than that of the measurement object portion, together in combination with the rest of the limitations in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
